
Is this Joseph Smith?

Posted by Phantom Cat - 2008/03/22 09:29

This thread discusses the Content article: Is this Joseph Smith?

In many ways it certainly looks like Joseph Smith, at least in the face. Physically he looks smaller. However, clothing or time spent in jail without proper nutrition might explain the discrepancy. Very interesting photo.

The real question is: does this look like a guy who would send an Apostle on a Mission to Israel and then marry the guys wife while he was away? Or, Does this look like a guy who bargains one of his Apostles 'Celestial Kingdom' certainty in exchange for 'marrying' the guys 14 year old daughter?

Sure looks like a dirty old man to me.

The whole karma thing is a farce, anyway. There are some people here who give themselves karma in order to give the impression that they are credible.

(Or were they prophecies of things to come? I get confused. Oh well, history repeats itself; so, either way I guess).

Hey...that part about the brown-skinned Lamanites mixing with the caucasian Nephites....hmmm.... I see Jaye is sitting pretty at +3.

Wren at about -12 (or something) but

JR is at (drum-roll.....) -100 !!!

So, I'll try to give my fellow boarders a point. But I better give the 1st one to JR...bring him back to the double digits. :)
