This thread discusses the Content article: P.G. OKs downtown zoning change

It is hoped that Pleasant Grove will learn from Orem's mistakes. For example, look at the disaster that is being built in the middle of Orem. You can't see anything but the monster high rise buildings being built whether you are going north to south or east to west. Stop and protect your home town NOW. Keep and maintain what made PG the place that residents and neighbors have enjoyed for years. The proposed changes are hardly the kind of "progress" PG property owners, residents and neighbors would want to have. Get involved now or pay the same price (i.e. traffic, zoning, infrastructure, taxes etc.) that Orem is currently dealing with and will continue to deal with for many years to come all in the name of "progress".
