I recently found out that I have HPV. I got treated, but the doctor said I could still possibly spread the virus. I don't know how to tell my boyfriend. How should I break the news? -- Megan, 23, Cahokia, Ill.

That's great that you knew to get tested and treated, Megan.

There is a blog named How do you tell a Non-Positive Person Your Situation at http://www.pozgroup.com/blogs/blog_messages?blog_id=116400

You may check it. If you can not get your answer, they have other similar blog, just conduct a search.
