
Can you spot the Disney references in 'Enchanted'?

Posted by dailyherald - 2007/12/08 18:07

If you've seen "Enchanted" you know that the new Disney movie references dozens of classic animated and live-action films.

Just how many references are buried in the story became clear when the studio issued a scene-by-scene breakdown of all the hidden (and overt) homages to earlier movies.

These range from the first images of the film, when a storybook pops open (a parody of the storybook openings of "Snow White," "Cinderella" and "Sleeping
