This thread discusses the Content article: Obama touts his Christian faith in effort to court conservatives

Before this is all over, this clown will be telling people he is a white catholic women from Utah. And most liberals will believe him. He hops the fence more than my neighbors dog...

I am sad Dems got tricked so well. Obama is not who they think he is.

Obama supports FISA. The Dems never thought he would do that <http://alternativeconservative.com>

Third Party Candidates are a long shot, but I am willing to take my chances at this point. Obama is going to get thousands of more people killed.
